From the... ...Incharge Desk

True education aims at all-round development of a student. Here the term "all-round" is comprehensive, inclusive of educational, moral, ethical, intellectual, cultural and emotional development. For this purpose, we, as teachers must make a whole-hearted effort, strengthening the teacher-student bond.

Thus, in the 21st century, with 'Knowledge Explosion', the teachers share a great challenge and responsibility towards the young generation, school going children in particular. Let us join hands towards this noble cause to yield the desired result for a better India, tomorrow.

Our mission is to develop an understanding of the principles of pedagogy and its application to curriculum transaction and evaluation and to develop in students, the skills and competencies necessary to play the multifaceted role of the teacher in the new millennium.

It is said that a proper harmonious combination of body, mind and soul is required for making a complete person. Therefore the environment of DAV DPSE is designed to maximize learning through purposeful activity. We seek to develop our students physically, mentally, emotionally and spiritually keeping in mind the rich Indian cultural heritage and the ever changing dynamic future. We inspire our students for life long learning and for reaching the unreachd.

*Mrs. Sweety Bahl
DPSE Incharge*

From the... ...Principal's Desk

I have great pleasure in inviting you to the great family of DAV-15, Chandigarh by joining us hand in hand in the wonderful journey of nurturing in your child the love and compassion for people, the passion for learning, and the capacity to participate, to experience, to appreciate, to empathize and to excel.

Pre-primary education is an essential element of the total educational process. It is the foundation stone on which the entire education, career and life of the individual is based.

Eminent educationists of India and the world have emphasised on pre-primary education as the basic and essential components of the total educational process.

During this stage, children are very tender and receptive. They require special, individual and extra attention. They will benefit a lot from innovative and interesting methods and approaches specific for their age and mental development. It is for this reason, that the need for specific nursery teachers has arisen. Nursery teachers are given special pre-service training related to the young minds they deal with.

We believe that each of our students is a star in the making. We seek to provide the best opportunities for the formation of values and attitudes, development of skills and competencies through the diverse learning opportunities and programmes provided to our students.

DAV Model School, Sector 15-A, Chandigarh is running a two years DPSE Course, recognized by the National Council of Teacher Education and affiliated to the Chandigarh Administration. The school has the distinction of being the very first DAV Institution in India to get this recognition.

Our vision is to nurture the knowledge, attitudes and skills that encourage the students to excel in life. We seek to provide conducive environment and best opportunities for students to excel in academics, sports and cultural areas. The aim is to prepare students for a life of leadership, service and personal fulfilment in an increasingly inter connected and knowledge driven world.

Our aim is to produce excellent nursery teachers who will be ready to take on the responsibility of the future citizens of our country.

This prospectus aims to give you some basic background information about our DPSE Institute now through it could at best be only able to give you a glimpse of what life is like in DAV's So, should you wish to know more, you are most welcome to visit our website or direct your inquiries to us.

I look forward to welcoming you to our family of DAV and offering your child a rich, diverse, stimulating and challenging education for life.

Mrs. Anuja Sharma

INTRODUCTION

Early Childhood Care and Education (ECCE) for children below 6 years is globally emerging as an area of high priority. This is largely in view of recent research in the field of neuroscience which has established that 90 percent of the brain's growth occurs by the time the child is 5 years of age. This growth is influenced by not only the nutritional and health status of the child but also the psycho social experiences and environment the child is exposed to during these early years. A large number of parents, particularly from economically weaker section of the society are not able to provide a stimulating environment to the child, thus leading to social inequity. ECCE has proven to successfully narrow this equity gap by compensating for the home deficits in these early years and enabling children to be better prepared for school, and for life. ECCE has therefore been included in the EFA Global initiative as the first goal in the education ladder.

PRESCHOOL EDUCATION : The Early Childhood Stage includes the sub stage of Preschool Education for children from 3 to 6 years, prior to their entry to school. With the advent of the Right to Education (2009) all children are now expected to come into school at the age of six years. However, research indicates that a very large number come in with inadequate school preparedness, and these children tend to continue in school with low learning levels and higher probability of dropping out in the early primary grades. This 'early learning crisis', globally and in India, points to the need for children to be provided with more developmentally appropriate early learning opportunities at the pre primary stage, so as to promote their school readiness and ensure a smooth and seamless transition for them into formal learning. The National Policy on ECCE (2013) has also emphasized the significance of ECCE and its linkage with primary education and emphasized the need to ensure satisfactory quality in ECCE provisions. The RTE (2009) has, as stated in Section 11, directed states to endeavour to provide preschool education to all children between 3 to 6 years of age to prepare them for formal schooling. Given this scenario, there is expected to be an urgent need for professionally trained educators for this stage of education who can take responsibility for this transition from pre primary to early primary grades, using developmentally appropriate methodologies.

OBJECTIVES OF THE COURSE

The DPSE curriculum aims at enabling the prospective teachers to:

- understand the rights and developmental needs of children from conception to the age of 6 years and develop critical insight into the independence of child development and learning;
- understand, analyse and reflect on the significance of early childhood care and education from an integrated perspective as an instrument for narrowing social equity gaps and be able to perceive its close linkage with early primary education;
- be able to implement age and developmentally appropriate methods of transaction of preschool education at the preprimary stage of education, including through effective use of ICT, and assess children's progress;
- be sensitive to the learning and development needs of all children, including those from diverse and marginalized communities on the basis of gender, socioeconomic status, caste/ class, religion and those with special needs, and ensure an inclusive and contextualized learning environment for all;
- understand the concept and importance of school readiness particularly from the epistemological perspective of education of mathematics, science and language and early literacy and its contribution to ensuring smooth transition for children from preschool to primary by being able to provide appropriate learning opportunities and experiences; and
- network with parents, community and government organizations, non government organizations and other organization to generate awareness and seek their involvement in ECCE programmes;

ADMISSION PROCEDURE & FEE STRUCTURE

COURSE AND DURATION

Course : Diploma in Pre-School Education (DPSE)

Duration : Two Years

Admission is open to female candidates only. Candidates with teaching experience in a nursery school will be given preference.

ELIGIBILITY FOR ADMISSION

(A) Qualification

- (i) The candidates should have passed Senior School Certificate/Intermediate (10+2) or equivalent examination from any recognised Board.
- (ii) Minimum percentage of marks is 50% at 10+2 level, 5% relaxation for SC/ST candidates i.e. 45%.
(Note : 49.99% or 44.99% will not be rounded off to 50% or 45% and will not be considered eligible)

(B) Age Limit

There is no age limit for students taking admission to DPSE Course.

(C) No Entrance Test

Selection Procedure:

- (i) Admission shall be made on the basis of marks obtained in the qualifying Examination.
- (ii) Admission will be purely on merit basis.

Interview :

Qualified candidate's interview will be conducted by selection committee members of the institute including representatives of Education Deptt., U.T., Chandigarh.

Duration : Two Years

(D) Reservation of Seats

(i) UT Pool : 85% of Total Seats

85% seats of the total sanctioned intake of the institution will be filled up from amongst the students who have passed their qualifying examination 10+2 from Chandigarh, U.T. as regular students.

(ii) Non-UT Pool : 15% of Total Seats

The remaining 15% seats will be filled from amongst the students who pass their qualifying examination from the institutions other than those located in Chandigarh, U.T. and as private candidates.

Division of seats

(i) U.T. Pool Seats = 43

Sr. No.	Category	Percentage	No. of Seats
1.	SC	15%	6
2.	Defence	5%	2
3.	Freedom Fighter	2%	1
4.	Sports Person	2%	1
5.	Handicapped	3%	1
6.	General	--	32

(ii) Non U.T. Pool Seats = 7

Sr. No.	Category	Percentage	No. of Seats
1.	SC	15%	1
2.	ST	5%	--
3.	Defence	5%	--
3.	Freedom Fighter	2%	--
4.	Sports Person	2%	--
5.	Handicapped	3%	--
6.	General	--	6

Note : If no suitable candidate is found in reserved category of a pool then the vacant reserved category seats of a pool will be shifted to the general category of the same pool.

(iii) Claim to any reserved category must be accompanied by valid proof (Certificates issued by competent authority)

(iv) Weightage to NSS Volunteers:

Weightage to NSS volunteers will be given on the basis of gradation of certificate given below:

Certificate A 2 marks

Certificate B 2½ marks
